# Where can a Jew walk safely? The sources

## איפה יהודי יכול להסתובב בבטחה? המקורות

The map shows entry rules for Israeli passport holders (Oct 2026), not a safety rating. Figures are rounded. Here is where each number comes from.

המפה מראה כללי כניסה לבעלי דרכון ישראלי (אוקטובר 2026), לא דירוג בטיחות. הנתונים מעוגלים. הנה המקור לכל מספר.

## Jews in 1948 vs today

### יהודים ב-1948 מול היום

| Country | 1948 | Today |
|---|---|---|
| Morocco | 265,000 | about 2,100 |
| Algeria | 140,000 | under 200 |
| Iraq | 135,000 | 4 |
| Tunisia | 105,000 | about 1,000 |
| Egypt | 75,000 | about 100 |
| Yemen (incl. Aden) | 63,000 | 0 |
| Libya | 38,000 | 0 |
| Syria | 30,000 | about 5 |
| Total, 8 Arab countries | 851,000 | under 4,000 |

More than 600,000 of them resettled in Israel. Most others went to France and the Americas. To be fair, reasons differed: some were expelled, some fled violence, some chose Zionism.
